

# How to Add Custom Content Under WooCommerce Product Gallery Images

<https://orbisius.com/blog/add-custom-content-under-woocommerce-product-gallery-images-p6922>

Sometimes you may need to add an extra text below an image to inform the customers about something important.

It could be one or more of the following:

- warranty period
- refund policy
- shipping delays
- promotions that you're currently running

You can paste the following code into your custom functions.php file or even better a custom plugin.

This is php code. As always please make a backup of the file you're editing. This is for educational purposes only.

```
add_action( 'woocommerce_product_thumbnails', 'orb_post6922_add_custom_content_below'
```

```
/**
```

```
* This allows you to add custom content below product images.
```

```
* @see https://orbisius.com/6922
```

```
* @return void
```

```
*/
```

```
function orb_post6922_add_custom_content_below_product_gallery() {
```

// you can optionally add this if you want to have background

```
// background: #efefc0;
```

```
?>
```

```
<div class="orb_club_wc_product_page_guarantee" style="margin: 0.5em 0; padding: 0.5em 0 0 0;">
```

```
<strong>Attention grabbing text: </strong>
```

```
Some more cool content.
```

```
</div>
```

```
<?php
```

```
}
```
